

Evaluate your event

This page contains various evaluation forms which can be used to gain valuable feedback about your event

If you are organising a Refugee Week event it is useful, both for you and the Refugee Week team, to collect feedback from it as this enables you to assess the impact of your event and to help to gather ideas to develop future events.

Evaluation forms are an easy way of receiving this valuable feedback and here you can download three template evaluation forms designed for Refugee Week events.

- The [Evaluation form for Visitors](#) is designed for you to give to audience members and encourage them to return it to you.
- The [Evaluation form for Participants](#) is for performers, artists or speakers who took part in your event to give you their feedback.
- The [Evaluation form for Event Organisers](#) is designed for you to tell us your thoughts on your event.

These forms are templates and are in Microsoft Word format. Please feel free to edit the forms to suit your particular event.
