### Never be caught without inspiration or doodling space again with our lovely Simple Acts Journal!

We were thinking to ourselves “How can we help people remember to change the world everyday?”, when we thought “Ah! What people need is a funky notebook they can use everyday which includes all the Simple Acts”.

And so was born the Simple Acts Journal. It's full of ideas and images for all twenty of the Simple Acts – simply to give you a little reminder of all the tiny ways you can make changes in the world around you.

And on top of that we've also thrown in loads of space to jot down thoughts or draw caricatures of people who annoy you.

And it's only a few quid. Simple.

**Price:** £3.00
